The Products delivered may be the central component/module/element of a series of peripherals units or devices that are part of the overall system or unit; these units may not be identified. 6.2 **Refurbished Products.** In the event that any of the Products to be delivered by TECNICA are refurbished, this will be disclosed on the Investment Schedule or subsequent purchase order. As such, you expressly understand and agree that any and all product warranties provided by the manufacturer that would have covered that portion of the Product that has been refurbished by TECNICA are no longer applicable. The only warranties covering the refurbished portion of the Product, if any, are those provided by TECNICA under this Agreement, and TECNICA warrants to you that the refurbished portion of the Product discussed above will be in good operating condition during the period that begins on the date of the installation of the Product and ends ninety (90) days thereafter. 7.2 **Scope.** Except as stated in Section 7.1 above, TECNICA grants you a non-transferable, non-exclusive license to use the Software consistent with the terms of this Agreement. Unless otherwise agreed, you may use the Software at any one time only on a single processing unit of the class and model for which you originally licensed it. Your order may specify other or different license terms, concerning matters such as the number of users or site license rights, or you and TECNICA may agree separately in writing to those terms. This license from TECNICA is non-exclusive and TECNICA retains the entire control and ownership of the Software, including but not limited to the intellectual property(s) of the modifications and customizations that may have been made for the end user, such as interfaces and other specific programs. You agree to utilize Software for your own purpose exclusively and not to transmit either for consideration or as a gift to any other party or entity, all or any part of any Software provided by TECNICA.

7.3 **Fees.** Software licenses may be granted for either periodic or one-time license fees. Your order should specify the type of fee. Tecnica and Tecnica related service and other fees are subject to change without notice; you maintain the right to cancel at any time upon changes to your existing service-related fees without penalties.

7.4 **Termination.** A Software license term begins when TECNICA delivers the Software to you and continues for the specified term unless you or TECNICA terminates the license as described below or you violate your obligations under this Section 7.0. When the license ends, you agree to immediately stop using the Software and either return all copies to TECNICA or certify to TECNICA that you have destroyed them.

7.5 **General.** You may not copy Software or the intellectual properties, or transfer, disclose, sublicense or distribute it to any party without TECNICA's written consent. TECNICA will consent to your transfer of Software and its intellectual properties only to parties who sign the then-current form of TECNICA Uniform Sales and Support Services

The customer waives any rights to the ownership of the modifications and customizations made to the application software and understand that the payment of the application(s) and modifications/ customizations is only to obtain the right to use the application and unless the licenses to use the application are paid under the terms and conditions specified the customer forfeits the right to use the same and must return and erase any and all application software. Application software licenses are not transferable.

8.3 **Other Companies’ Products.** TECNICA may provide you with Products that bear the logo or copyright of another company. If TECNICA does not meet those commitments, you agree to notify TECNICA promptly in writing. If TECNICA is unable to correct the problem within a reasonable time and the Contract does not separately address your remedies, you may return the Product and obtain a refund. The refund will be reduced on the same basis as you depreciate the Product in your financial statements. If you do not depreciate it, the refund will be reduced on a 5-year straight-line basis.
